DAVID

Hello I'm David

MICHELLE

I'm Michelle

BROOKE

And I'm Brooke! Welcome to...

ALL

RYLA UNIVERSITY!

Logo intro plays.

MICHELLE

Hello and welcome to Rotary Youth Leadership Awards online program 'RYLA University.' RYLA is Rotary International's leadership training program for young adults. Although RYLA is typically held as a week-long retreat, we wanted to help push towards our mission of leadership & service education. Our first step in doing this is making this program accessible in the comfort of your very own home. This online course will aid you in your discovery of becoming a better leader.

DAVID

In these modules we will be covering different lessons involving some of our core leadership values: Personal Development, Team Building, Community Outreach and Global Impact. By developing your understanding of each of these four core values, and through your own self-discovery, you will learn skills that will help you in everyday life. From college life and beyond, this course will give you the building blocks to create a positive impact in your community.

BROOKE

There are just a few things you will need to do to get started. First, print your worksheet - or download a PDF copy to keep track of your progress. Your worksheet is like your guide at RYLA University. At the end of this module, you will submit your worksheet for review and then receive your digital certificate.

MICHELLE

So how does the worksheet work? Throughout the course you will be watching videos, interacting with our specially designed quizzes, and you'll begin serving your community at home. Throughout the course we will be providing 'passwords' for you to write down on your worksheet, which are super important, so make sure to pay attention to them! Once you hear one of our instructors provide you a password, write it in the worksheet under the indicated lesson to receive credit for lesson completion.

DAVID

The next thing you'll need to do is create a profile or login. You can do so by hitting the 'profile' tab on the top right corner of your screen. This will allow you to interact with other members and gain badges. At the end of the course you will submit your worksheet in the 'Upload Your Worksheet' tab under your profile - but more on that later.

BROOKE

A little bit about our rules and policies- Please be kind when interacting with our chats. Keep it PG. Please don't be, THAT person. We want RYLA University to be a fun and safe digital environment, so if you see something- say something. You will have the option to flag a comment if it's not appropriate. If a comment gets flagged three times by three different users, it will be automatically removed.

MICHELLE

Likewise, If someone on the platform is making you uncomfortable, don't hesitate to message me, David, or Brooke and we will be sure to block the person that is violating our policies.

DAVID

Thanks for participating in RYLA University and starting your impact today.
